

Jessica Cooper, PhD
Chemistry Reviewer, U.S. Food and Drug Administration, Office of Food Additive Safety,
College Park, Maryland, USA

Dr. Jessica Cooper joined the FDA as a chemistry reviewer in the Division of Food Contact Notifications (DFCN) in the Office of Food Additive Safety (OFAS) in 2011. Dr. Cooper conducts comprehensive reviews of the chemistry information in industry submissions known as Food Contact Notifications (FCNs) for Food Contact Substances (FCSs). She has specialized expertise in migration testing protocols and dietary exposure assessments of FCSs.
