

**IAFNS Science Innovation Showcase
December 12-14, 2023 / Virtual Event**

- **EVERYONE** is invited to participate in this exchange of science related to innovative ingredients, products, and processes in the food and beverage ecosystem.
- **ALL** meeting registrants are eligible to apply for an opportunity to present on the technical development of an ingredient, food packaging technology, or food safety tool.
- We encourage submission of abstracts on a diversity of topics. We anticipate one entire session dedicated to analytical methods for quantifying amino acids in food.
- We also encourage submissions from **graduate students and post-docs**. We are reserving one session entirely for the next-generation of scientists.

Registration Pricing:

| Sector/Affiliation | Cost |
|------------------------|-------|
| INDUSTRY - NONMEMBERS | \$150 |
| INDUSTRY - MEMBERS | \$75 |
| Academic (Faculty) | \$50 |
